Media Communicate ideas through use of text, images and sounds. Understand sound and music can be created using a range of digital technology	Media M3 Record sound using simple technologies and playback the recordings. M4 Create an image/animation in a simple graphics application. M5 Capture images using a range of technologies and share with others.	Data Handling DH1 Sort, organise and classify objects based on their properties. DH2 Represent and interpret simple data as pictograms.	Computer Science CS1 Understand what an algorithm is. CS2 Understand that digital devices work using algorithms.	Computer Science CS3 Control devices through a series of clear and accurate algorithms to achieve a predefined outcome. CS4 Recognise common uses of technology beyond school. For example programming Sky box or using a washing machine or microwave.	Informa IL1 Accesses from different understandings allows questions these relationships IL2 Explore digital in part of a IL3 Find information technology
Identify trusted sites and ensure a trusted adult knows what they are doing online and inform them if online content makes them feel sad, scared or abused.		ES2 Behave in a kind and considerate way to others in the real and virtual world.		ES3 Understand that the internet is fun but just like there are rules in the real world to keep you safe there are rules for keeping them safe in the online world.
